

SWESRS: SOCIAL AND COMMUNITY GROUP
with EAST LONDON AND ESSEX LIBERAL SYNAGOGUE

THE MELJON SINGERS present
MUSIC FROM THE DIASPORA: from
sacred to swing

The concert will feature choral music linked to Jewish themes and much of it by Jewish composers, embracing a range of different styles, centuries and moods: for example, swinging George Gershwin will contrast with the spirituality of Salamone Rossi; one of Billy Joel's greatest hits will strike a different chord from Franz Schubert's setting in Hebrew of Psalm 92.

Our guests, The Meljon Singers, have gained the reputation as a highly accomplished and versatile mixed-voice ensemble, performing abroad as well as in the UK. Under the talented baton of their musical director, Janette Ruocco, they have

entertained and delighted their audiences with innovative programmes, introducing unfamiliar works as well the standard concert repertoire.
